NATIONAL SCIENCE FOUNDATION

Proposed Data Collection: Public's Views and Comments; Title of Proposed Collection: Public Attitudes About Technology

The National Science Foundation, an independent federal agency, is interested in obtaining the public's views and attitudes toward year 2000 computer readiness.

Specifically, we are seeking input and comments from all interested persons on their views of the value of computer technology in their lives, and in their familiarity with and level of comfort when using computers and their familiarity with problems that may result from year 2000 computer conversion issues.

In an effort to obtain the public's input and useful information, the National Science Foundation has developed the questions that follow. Responses from the public will be used only in the aggregate, and only to help NSF in its efforts to better explain itself and its activities to the American public.

We hope you will provide us with your thoughts on the following questions. Detailed comments are also welcome and greatly appreciated.

Responses and comments can be mailed to Public Attitudes about Year 2000 Conversion, c/o Office of Legislative and Public Affairs, National Science Foundation, 4201 Wilson Blvd., Room 1245, Arlington, VA 22230.

Comments can also be sent via email to nstw@nsf.gov, or faxed to (703) 306-1057.

All comments should be received by Monday, December 21, 1998.

Dated: December 4, 1998.

Director, Office of Legislative and Public Affairs.
